Thank you for your scholarship: Thank you so much for the Class of 1977 Scholarship. I have been taking out a tremendous amount of money in loans over the past three semesters and am truly grateful for this scholarship. My mom keeps saying, "Joey, you better get a good job", and I continue to reply, "Stevens is the only reason I might be able to". Thank you to the Class of 1977 for this gift you are giving to me, I promise to not forget what others have done for me in the future when I can hopefully give to others.
